

Steven

Initiated the repository. Invited the rest of the group to the repository. Completed and submitted his ipynb and his reflection PDFs. Additionally created a reminder for others in group.

Cristian

Accepted invitation to github repository. Completed and submitted his version of ipynb. Created his own branch, uploaded documents to branch, merged branch with default branch.

Khin

Accepted invitation to repository. Completed and submitted her ipynb and reflection pdf files. Uploaded directly to main branch fulfilling requirements.

Antonio

No communication, submitting assignments without our consent.
